Sections Affected in the Finding Aids section of this volume.

§ 327.3 No product to be imported without compliance with applicable regulations.

(a) No product offered for importation from any foreign country shall be admitted into the United States if it is adulterated or misbranded or does not comply with all the requirements of this subchapter that would apply to it if it were a domestic product.

(b) No cooked or partially cooked meat or meat trimmings, either in separable pieces or molded into larger forms, shall be permitted entry except under the following conditions:

(1) A complete procedure for preparing and handling the product in the foreign country and en route to the United States shall be submitted by the exporter or his authorized agent to the Administrator and determined by the Administrator to be adequate to assure that the product will not be adulterated or misbranded at the time of offer for entry.

(2) A system acceptable to the Administrator (upon his determination that the system will provide a reliable indication of the kinds and numbers of microorganisms present) for the microbiological testing of the finished product shall be installed by the processor, the product is subjected to such testing, and the results thereof are furnished to the Administrator and are acceptable to him as showing that the product has been prepared and handled in a sanitary manner.

(c) [Reserved]

(c) Each foreign meat-inspection certificate shall bear the official seal of the national government agency responsible for the inspection of the product and be signed and issued by an official authorized to sign and issue such certificates by the national government of the foreign country in which the product is inspected.

(d) Each foreign meat-inspection certificate shall be in both the English language and the language of the foreign country of origin.

(e) Except for product subject to procedures in § 327.5(d)(1), the foreign meat inspection certificate required by this section to accompany each consignment containing any product shall be delivered by the consignee, or his

agent, in the United States to the Program import inspector at the place of inspection, and inspection of the product will not be commenced prior to such delivery.

[35 FR 15610, Oct. 3, 1970, as amended at 54 FR 274, Jan. 5, 1989; 60 FR 38668, July 28, 1995]

§327.5 Importer to make application for inspection of products for entry; information required; “streamlined” inspection procedures for Canadian product.

(a) Except for importers of Canadian products, each importer shall apply for inspection of any product offered for entry by contacting the Import Field Office covering the location where import inspection will take place. The Import Field Office will provide specific application instructions (See §301.2 (yyy)).

(b) The application should be made as long as possible in advance of the anticipated arrival of each consignment, except in case of consignments of products expressly exempted from inspection by §§327.16 and 327.17, and in the case of product imported from Canada.

(c) Except in the case of product imported from Canada, each application shall state the approximate date on which the consignment is due to arrive at such port in the United States, the name of the ship or other carrier transporting it, the name of the country from which the product was, or is to be, shipped, the place where inspection is desired in accordance with §327.6, the quantity and kind of product, and whether it is fresh, cured, canned or otherwise prepared. In case of consignments arriving in the United States by water, the application shall also state the port of first arrival in the United States.

(d) For participating Canadian establishments, an official of the Canadian meat inspection system shall contact the participating Import Field Office for an inspection assignment (See §301.2 (yy)).

(1) If the Automated Import Information System (AIIS) does not designate the consignment for reinspection, the consignment may be transported to its consignee for further distribution.

(2) If the AIIS designates the consignment for reinspection, the representative shall:

(i) Select samples in accordance with USDA sampling tables.³

(ii) Identify and place samples in the vehicle for easy removal and reinspection by an import inspector.

(3) In the event that any one of the requirements provided in (d)(2) of this section is not met, reinspection of the consignment shall be conducted by a Program import inspector in accordance with established procedures provided in the regulations for other imported products.

[54 FR 274, Jan. 5, 1989, as amended at 54 FR 41048, Oct. 5, 1989]

§327.6 Products for importation; program inspection, time and place; application for approval of facilities as official import inspection establishment; refusal or withdrawal of approval; official numbers.

(a)(1) Except as provided in §§327.5(d)(1), 327.16 and 327.17, all products offered for entry from any foreign country shall be reinspected by a Program inspector before they shall be allowed entry into the United States.

(2) Every lot of product shall routinely be given visual inspection by a Program import inspector for appearance and condition, and checked for certification and label compliance, except as provided in 327.5(d)(1).

(3) The computerized Automated Import Information System (AIIS) shall be consulted for reinspection instructions. The AIIS will assign reinspection levels and procedures based on established sampling plans or established sampling plans and established product and plant history.

(4) When the inspector deems it necessary, the inspector may sample and inspect lots not designated by AIIS.

(b) All products, required by this part to be inspected, shall be inspected only at an official establishment or at an official import inspection establishment
